## Performance

Values are estimated and may vary. The performance score is calculated directly from these metrics. See calculator.

▲ 0–49          50–89          90–100

**METRICS**                                         Collapse view

### First Contentful Paint

**0.9 s**

First Contentful Paint marks the time at which the first text or image is painted. Learn more about the First Contentful Paint metric.

### Largest Contentful Paint

**Error!**

NO_LCP

### Total Blocking Time
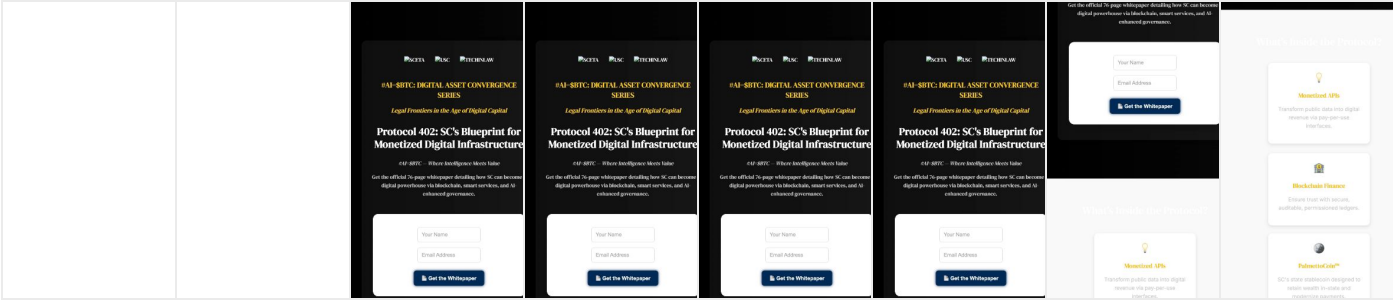

**Error!**

### Cumulative Layout Shift

**0**

NO_LCP

Cumulative Layout Shift measures the movement of visible elements within the viewport. Learn more about the Cumulative Layout Shift metric.

Speed Index

## 1.8 s

Speed Index shows how quickly the contents of a page are visibly populated. Learn more about the Speed Index metric.

PASSED AUDITS (19)                                                    Show

## Accessibility

These checks highlight opportunities to improve the accessibility of your web app. Automatic detection can only detect a subset of issues and does not guarantee the accessibility of your web app, so manual testing is also encouraged.

CONTRAST

⚠ Background and foreground colors do not have a sufficient contrast ratio. ⌄

These are opportunities to improve the legibility of your content.

ADDITIONAL ITEMS TO MANUALLY CHECK (10)                               Show

These items address areas which an automated testing tool cannot cover. Learn more in our guide on conducting an accessibility review.

# SEO

These checks ensure that your page is following basic search engine optimization advice. There are many additional factors Lighthouse does not score here that may affect your search ranking, including performance on Core Web Vitals. Learn more about Google Search Essentials.

## CRAWLING AND INDEXING

▲    Page is blocked from indexing    ⌄

To appear in search results, crawlers need access to your app.

## CONTENT BEST PRACTICES

▲    Document does not have a meta description    ⌄

Format your HTML in a way that enables crawlers to better understand your app's content.

## ADDITIONAL ITEMS TO MANUALLY CHECK (1)    Show

Run these additional validators on your site to check additional SEO best practices.

## PASSED AUDITS (6)    Show

## NOT APPLICABLE (2)    Show
